

Duo Mobile Remote Access Setup Instructions

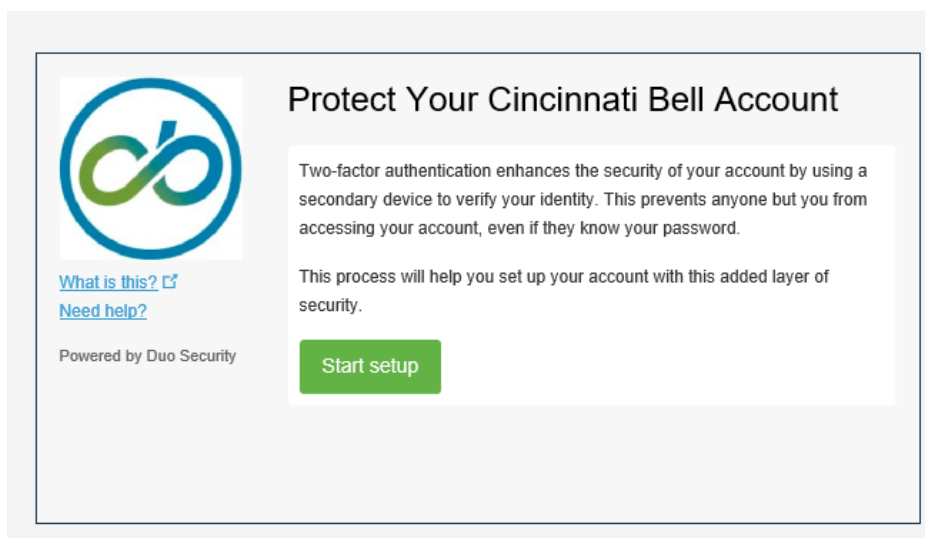

When a Duo Mobile Remote Access account is established for you, you will receive an email from Duo Security (no-reply@duosecurity.com). This email will be sent to your corporate email account (@cinbell.com or @cbts.com).

Click the first link in the email to launch the account activation and enrollment process.

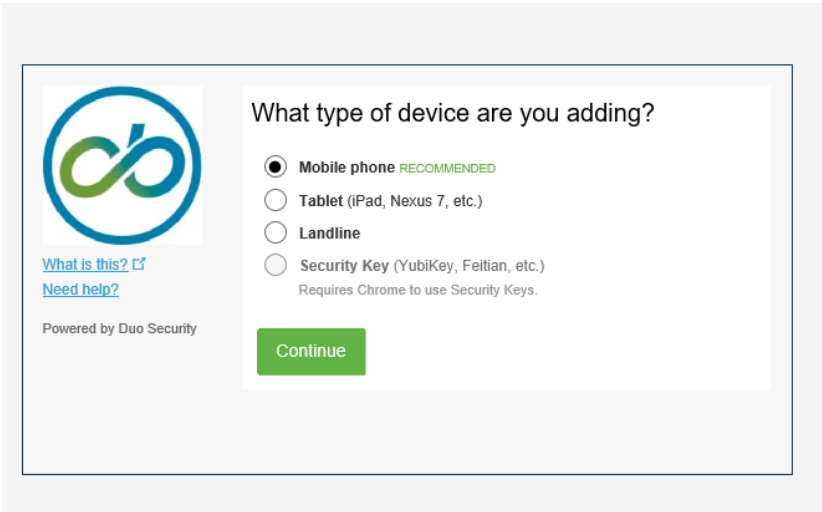

Clicking the link in the above email will launch the activation and enrollment process. Below are the examples of the prompts you will need to follow in order to enroll your device. You must complete all of these steps in order to complete the enrollment process.

1. Start Setup
